COMPREHENSION PASSAGE

Read the passage and answer the questions carefully.

My parents love to watch television and so do I. They watch it as they work. My mother watches her favourite soaps from far while she cooks in the kitchen. My father also watches television while reading a newspaper. He sits on the chair away from the television.

But whenever I watch television for long hours sitting on the bed, my parents scold me.

One day, my father explained that watching television for long hours will ruin our eyes. I felt afraid and decided to fix a time for watching television.

After I fixed timings for watching television as an activity, I felt happy and satisfied. My parents are also happy with me. I love watching cartoons on cartoon channels and my parents watch news.

1. Why the parents don't want the child to watch the television?

.....

2. Do you and your parents watch the same programmes?
